Issue #30

OPEN HOUSE: MAY 16-20

Plans are being made for Avalon to host an open house for students from Daycare - Grade 6. Potential students will be able to email or go online, at least one day in advance to sign up!

They can spend a few hours or a day, seeing what it's like to attend Avalon. This flexible event will be open to visitors for the whole week. Do you know someone who would like a "trial run" at AACA? Stay tuned for more info!

Education Sabbath II Tomorrow!

If you missed last week's presentation by students at the church next door, we are having a second program tomorrow, April 30, at the GN SDA Church from 11:30-12:30. Come and enjoy a school-led program followed by a fellowship meal (potluck-style)!

Education Sabbath III Friday School Assembly: May 6

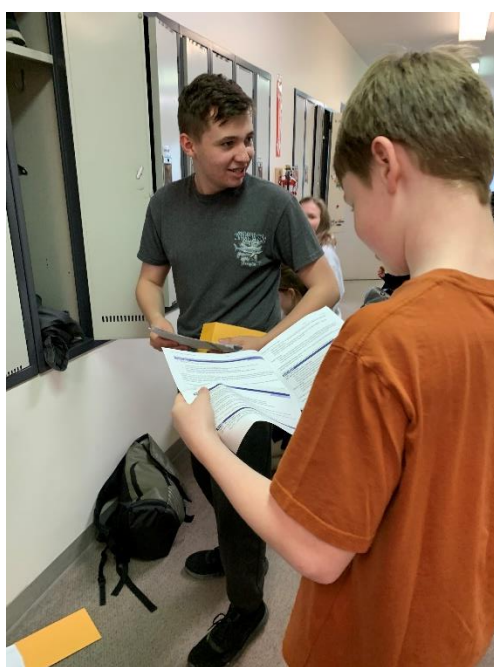

And if you would like to join us at our Friday morning assembly at 8:30, we will have a 30 minute version at the church next door and everyone is welcome to join us!

Quail Eggs become Chicks at Avalon *Millie, Vanillie, & Billie*

The Grade 1&2 Class has triplets! Three quail chicks hatched this week. Next week, in the interest of science, older students will investigate why some eggs never hatched.

Report Cards... love 'em or hate 'em...

Parents/Guardians: we ask you to sign and return the report card envelopes, please. Please note, this term's report card has student self-assessment included.

"Every day is a chance to begin again."

**Grade 5&6 Hired for
Yardwork!**
